

Multi Display Frame Kit

The Multi Display Frame is extremely versatile and is capable of holding up to three Digital Displays for a truly dynamic display in receptions and showrooms.

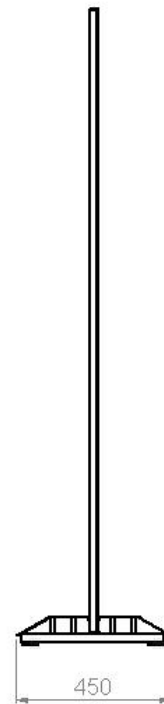

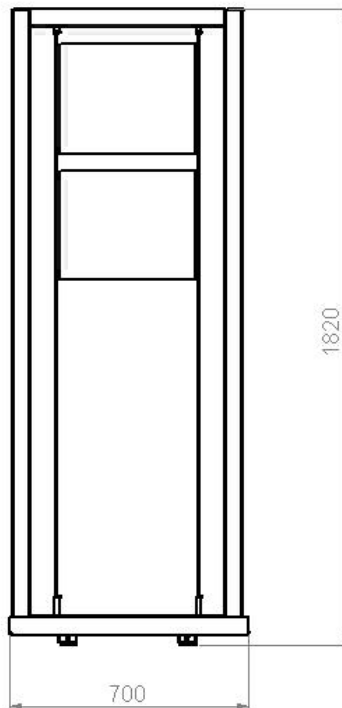

The freestanding display is also a great solution for maximising window and exhibition space and doesn't need to be permanently fixed to the floor.

- Robust steel construction
- Sturdy base conceals transformer and most extension sockets
- Supplied complete with wires and clips and a choice of two or three Digital Displays
- Adjustable feet
- Simple self-assembly

Chose from two great value kits: Multi Display Frame and 2 Digital Displays
Multi Display Frame and 3 Digital Displays
